A Talk Among Dogs.

Helloa Watch! How do Towser. What are you doing these days Watch? Oh I don't know. Not much, just having a good time eating and drinking, and sleeping and taking a moderate amount of exercise running up and down in the grounds in front of master's house, with my mate, Rover. Oh is that all? Yep. Well I overheard some of them two-legged folk talking about you two dogs, and they give you both awful characters. Whey say you don't content yourselves with just running up and down your Bosses' grounds, eating and drinking and sleeping and so forth. But that you act like mad dogs rather than like decently behaved and well-trained canines. That you rampage up and down just inside the fence, and whenever a team passes, you two fellows race up and down barking and yelping and raising Cain with your uproarious earsplitting noises. And more than that, you are not content with making an Infernal disturbrnce in the day time, but that you make the night hideous as well, by vexing the troubled air with your miserable barking and yelping, or even worse still one or the other of you starts up a miserable moaning and whining as tho your great grizzly Grandmother had died. You ought to be ashamed of yourselves to be guilty of such conduct, especially when you know very well that there is a poor sick lady lying just across the way, to whom your day disturbances and your night carousings are a menace to rest and quiet which she so much needs. Why you ugly goodfornothing critturs, I feel just like jumping over the fence and gripping hold of both and giving you the severest punishment you have had in all your born days. I wonder that your master doesn't put you out for such unmannerly conduct, I really do. Get back to your kennels you big saucy varmints and keep yourselves qeiet for pity's sake.

Say Rover, what do you think of Towser's talk? Well, I don't know but he's right. We certainly could be more quiet, or at any rate could be made to be more quiet if Master would only arrange to have us do something that kept us busy we wouldn't be loafing up and down the yard and rousing the echoes. I feel sorry for the poor sick lady tho I am only a dog. Don't you? Yes.

Killed by Train.

SOUTH SAN FRANCISCO, Aug. 24.—An unknown man was killed by the Sunset express this morning. He was lying beside the track in a dangerous position and evidently asleep.

C. G. Elder, the engineer, whistled and threw on his brakes, but was unable to stop the train in time to avoid hitting the man, whose skull was crushed by coming in contact with a grease box. The train was in charge of Conductor T. Wallace and was running at a great race of speed in order to make up lost time. The man was dead when picked up by the train crew. He was dressed in a corduroy suit, but was without under clothes. Under his coat he wore a coat and waistcoat of black material. A card form of Murray & Ready, the San Francisco employment agents, was found in his clothes, dated August 22. The fore-finger of the left hand was cut off at the first joint and in the man's hatband were found the perforated initials "R. M." The inquest has been set for September 1.

Admission Day Celebration.

SAN MATEO, Aug. 28.—There will be a grand exhibition of fieid sports given by the local San Mateo Caledonian Club on Admission Day, September 9, at Corporation Yards.

The events will include Scotch and Irish dancing, races for boys and girls, men and women, jumping, vaulting, cakewalking, bagpipe competition for gold medal and other athletic sports.

Special attraction will consist of a tug-of-war between members of the Fire Department for a silver cup, and the old time sports of catching a greasy pig and climbing a greasy pole. There will be dancing for all on the grounds.

In the evening a grand ball will be given at Athletic Hall at 8 o'clock. It is expected that there will be visitors from all the neighboring cities and towns, and everything is being done to make the affair a success.

Only Revelers Wanted.

A party of Palo Alto men on a recent automobile run stopped, with some friends who were camped near a coast-side hotel at one of the smaller resorts. The camp did not have sleeping accommodations, so after a few hours loitering among the redwoods the party went to the hotel to secure rooms for the night. The landlord curtly informed them that no prohibitionists were wanted, that they had spent no money at the bar and therefore would not be accommodated, although there were vacant rooms in the hotel. One often hears of intoxicated individuals being refused hotel privileges, but the Palo Alto party can probably claim the honor of being the first to be blacklisted because they were sober.—Palo Alto Times.

Goes to Santa Barbara.

Rev. Robert E. Kenna, one of the best-known Jesuit priests on the Pacific coast, who for 11 yeors was president of Santa Clara College, and who was also president of St. Ignatius College, San Francisco, as well as pastor of St. Joseph's Church, San Jose, has been appointed rector of the Church of Our Lady of Sorrows at Santa Barbara.

Trusting to Sense of Smell.

Writing in Suburban Life, Charles D. Kellogg, the well-known naturalist, says: "The matter of odor is an extremely interesting one. Most creatures have an odor which indicates friendliness and another which indicates anger. Always holding the thought of love toward every living creature just as I have tried to instil it into the mind of Don, my dog, I have never hesitated to take up the animal reptile, bird or insect. My first thought of reptile odor was that of apples. Yet people told me that this creature gives off a noxious stench. Now, this latter odor is present in any wild creature's body when it is disturbed. The bodies of human beings give out odors which are keenly apparent to wild creatures, and indicate the feeling which men and women have for them, whether it be love, fear or hate."

COUNTY OFFICIAL PAPER.

D. E. O'KEEFE, Editor and Proprietor

FOR PRESIDENT
WILLIAM H. TAFT,
OF OHIO.

In his political speech in San Francisco former Democratic Candidate Alton B Parker declared that in his judgment the great issue of the campaign was the tariff issue. It was evident enough that Judge Parker had nothing but contempt for the demagogic twaddle which occupies most space in the Democratic platform, and it is also dollars to doughnuts that Judge Parker most heartily desires the election of Taft. For decency's sake he probably feels compelled to give to Mr. Bryan the same measure of support which Bryan gave to him when a candidate, and he is probably giving it with the same kind of "good will." And he will probably, by his public addresses, contribute jut about as much toward the election of Bryan as Bryan contributed toward his election four years ago. To imagine that he desires Bryan's election is not only to assume that his disposition is angelic—of which there is no evidence whatever—but that he wishes to see in the office of President a man who by conviction and temperament is committed to policies which he absolutely abhors

CITY COUNCIL HOLD MEETING

At Monday evenings meeting of the city council S. N. Snyder withdrew his former petition regarding a street railroad franchise and in place of it presented the following::

To the Honorable Board of Trustees, Town of Redwood City, San Mateo County, Cal. Gentlemen: The undersigned, S. M. Snyder, hereby respectfully makes application for a franchise or privilege to lay down, construct, maintain and operate in the Town of Redwood City, County of San Mateo, State of California, for a term of fifty (50) years, a single or double track street and interurban railroad, with all necessary and convenient stations, side tracks, switches, connections and appliances, to be operated by electricity or such other improved mode of operation as may be authorized by law, on, over, along, upon and across the following described streets and route in said Town of Redwood City, to wit: Beginning at the intersection of the County Road running between the cities of San Francisco and San Jose, and A street; thence running southeasterly on, over, along and upon said A street, and crossing all intersecting streets, to Main street; thence running southwesterly on, over, along and upon said Main street, and crossing all intersecting streets, to Phelps street, thence running southerly on, over, along and upon said Phelps street, and crossing all intersecting streets, to the southerly boundary line of said Town. And said petitioner further requests that your Honorable Board proceed to advertise the fact of said application, under and according to the provisions of law, stating that bids will be received for such franchise.

The petition was referred to the committee on public utilities.

The returns of the late bond election were canvassed and the plan for improvement of the water system was declared as having been carried by 273 votes in favor of the bonds, only 29 votes being cast against it.

The proposition for the extension of Phelps street and for a new city hall were declared as having been defeated, the necessary two-thirds majority not having been received.

The city attorney was instructed to prepare the proper ordinance towards the issuance of bonds for carrying out the wishes of the people for the extension of the municipal water system.

The committee on public utilities was authorized to employ a competent hydraulic engineer to prepare plans in conformance with the above mentioned improvement.

A proposition to sprinkle A street from the railroad to the county road was referred to the committee on public utilities.

The board adjourned to August 31st when property owners along Roosevelt avenue will be heard regarding the acceptance of that street.

SCOTCH CLUB GIVES A FINE ENTERTAINMENT

Plans Arranged for Athletic Games on September 9.—Prize Event on Program.

The musical and literary entertainment given last Friday evening by the San Mateo Calendolan club attracted a full house, many coming from San Francisco in special cars. The entertainment was characteristic of the Scotch and was most novel and interesting, and was given in commemoration of the 137th anniversary of the birth of Sir Walter Scott.

A feature of the program was the singing of Mrs. Daisy Keene Gillogly. The sweet-voiced singer rendered Scotch songs in a most pleasing voice and manner and was called before the footlights several times, until she finally refused to sing again. Even when G. L. Christie, honored chief of the club, had announced the succeeding number, the audience continued to call for Miss Gillogly. The dancing of the Scotch reel by Miss Francis Dougherty, Miss Clara Coyne and Messrs. McKenzie and McMurray was another number highly appreciated, and the playing of the Scotch bagpipes by Thomas Monroe and James Lemmon was a novel treat for the gathering. J. Stevenson gave a recitation in a Scotch dialect and responded to an encore of a pleased audience. The vocal selections of M. S. Morrison and R. Douglas were other numbers that were enthusiastically received. The Rev. J. George Gibson gave an eloquent address on Sir Walter Scott.

After the entertainment the hall was cleared and several hours of dancing was enjoyed for which D'Arcy's excellent orchestra furnished the music.

On September 9 the club will hold its first tournament of Scotch games. The games will be held at the Corporation Yard and will be participated in by athletes from the various bay counties. Prizes aggregating $500 in value and various medals and cups will be offered to contestants. The events will include races, jumping, pole vaulting, cake walking, Scotch and Irish dancing and a bagpipe playing competition for a gold medal. Catching the greased pig and climbing a greased pole will be among the events also.

A platform is to be erected and dancing throughout the day will be enjoyed. The San Mateo band will furnish music. The day will conclude with a grand ball at Athletic hall in the evening.

Barn and Feed Destroyed

Tuesday noon an alarm was sounded for a fire on the Lynch estate fronting on Chestnut street. The fire was in a barn, which with its contents was completely destroyed. There were several tons of hay and grain and the lessee, Bettencourt had that morning stored a carload of alfalfa hay in the building. The supply line of the Standard Electric Company pass within a few feet of the barn and the heat caused the breaking of wires The report of the break was heard by Bettencourt and family who were at dinner and they rushed out to find the flames so far advanced that it was impossible to save the building. The fire companies responded to the alarm but upon arrival could do nothing as no hydrants are in the vicinity. The barn was on the property of the Lynch estate, and was owned by Bettencourt who conducted a dairy and upon him the loss will fall. The damage is estimated at $2,000 with no insurance. The cause of the fire is unknown.

New Flagpole Arrives

The large stick lying in front of the courthouse will be presented to the county by W. H. Hanson of the Tacoma Mill Company. The stick which is 140 feet long, 22 inches in diameter at the base and 9 inches at the top was brought from Tacoma a week ago and will be erected as soon as the spot at which it will be planted is chosen. It is Mr. Hanson's intention to have a concrete base reaching above the ground for about four feet, the upper part forming a settee or bench around the pole. The pole when upright in the base will have melted rosin poured around it, thus more fully protecting it from dampness. Although not so high as the Palo Alto pole it will be prettier, being only one stick and the settee will allow of people taking their ease. Geo. Kneass the well-known boatbuilder of San Francisco will raise the pole.

At Work on Ocean Shore

Work on the Ocean Shore Railroad is progressing rapidly. The work of grading the road between Halfmoon Bay and Granada, the present terminus of the road, is about complete as well as the bridge work and the laying of the track begins next week. It is confidentially expected that it will not take more than ten days to lay the rails to Halfmoon bay. The large bridge crew of the Humbold Construction Company who are constructing the bridges and culverts along the line are now working in the vicinity of Purissima. The longest and heaviest bridge along the line will be at Lobitos where the railroad crosses above the wagon road. This bridge will be several hundred feet in length and will be over 100 feet in height and it is expected that it will be completed by the time the track layers arrive at the point.—Review.

It's a Good Thing, Push It Along

Some months ago the supervisors of San Mateo and Alameda counties took considerable interest in the project of building a wagon bridge across the bay in conjunction with the railway bridge at Dumbarton Point. The matter should not be allowed to lapse, and it is unfortunate that the location is such that Santa Clara county cannot take an official part in providing for the construction of such a bridge. Palo Alto and Redwood City would receive great material advantage from a bridge at that point. The country across the bay is one of the most fertile farm and fruit sections in Central California and is not located within convenient distance of any large town. With an outlet in this direction a large volume of trade would come here and mutual advantage would be derived. —San Mateo Leader.

Debating Society Meets

At a special meeting of the Redwood City Literary Society Tuesday evening, Vice President Prof. McCrea presiding, President Mansfield being absent on account of sickness. It was decided that the regular meetings be held on second and fourth Tuesdays of each month. Among other features of the program for the next meeting the subject for debatewill be: Resolved that the state of California should enact a law requiring all state banks to contribute to a fund to be used in the payment of depositors in full at the failure of any state bank, or in other words, the state of California should adopt a law similar to that of Oklahoma. Prof. Benson and J. C. Cowgill were chosen to argue for the affirmative and Hjalmar Holmquist and Dr. Cummings to take the negative side of the question.

Tennis Tournament

The coming tennis tournament to be held in San Mateo, September 7, 8 and 9 is attracting the attention of tennis players from all over the county. Daily practice is being held and the enthusiastic are in shape for the games. The tournament is open to all residents of the county and many have already entered their names for the contest. There will be singles for both ladies and gentlemen, and Manager Doolittle of the Peninsula hotel will offer handsome cups as prizes for the winners. The Peninsula courts are now in good condition and some of the most exciting games ever held in the county will doubtless be witnessed.

ANNOUNCES CHANGE IN RAILROAD PLAN

It Is Now Settled that San Bruno Route Will Be Converted to an Electric Line.

With the various announcements of railroad improvement for the peninsula comes the statement from Paul Shoup that the route from San Bruno to San Fracisco, in use before the Bay Shore cut-off was completed, is soon to be made an electric line. Many people were favored when trains regularly over this line, but since the new road was built only a few trains daily are run. The section tapped by the San Bruno route is thickly populated and a good train service will be appreciated by a large number of people, and will lend its influence toward settling up the country along the line of the road.

According to the statements of Mr. Shoup, the Southern Pacific Company has not fixed a definite time for the laying of the double track system and the installation of the necessary electrical apparatus for the cars, but he gives the assurance that it is only a matter of time when all this is to be done.

It seems very probable, in fact it has been stated, that this line is to be a part of the peninsula electric system from San Francisco to San Jose. This announcement coupled with the recent purchase of the San Jose line would indicate beyond a doubt that the Southern Pacific intended to have a complete system of electric railroad along the peninsula.

WILL CALL FOR BIDS FOR EXTENSIVE SYSTEM OF STREET PAVING.

Trustees Meet in Special Session To Rush the Preliminary Work.

The San Mateo trustees met in special session last Monday night and adopted resolutions for paving with modified asphalt the streets on San Mateo Heights. A resoltion for Highland avenue, Villa Terrace, Grand Boulevard and Bellevue avenue was adopted. It will be a month yet before bids can be received for the work. The trustees expressed anxiety over such long delay as it will approach winter before the work is started, but City Attorney Kirkbride explained that under the intricate proceedings of the Vrooman act, the necessary details could not be completed at an earlier date.

It is reported that several contractors are figuring on the work. The Barber Asphalt Co., which still has its plant here, will put in a bid for the paving.

The plumbing ordinance, as prepared by a committee from the board of trade, was introduced by Trustee Morse, and will doubtless be passed at the next regular meeting. Owing to the length of the ordinance and the necessity of having copies on hand for the use of the public, it was ordered that the ordinance be printed in pamphlet form.

The question of compelling the gas company to lay mains in certain sections was brought up by Trustee Conway and it was explained by the City Attorney that where a public service corporation was operating under a general franchise such as is the case here, that the company could not be compelled to lay pipes or run wires to any particular street.

The subject of merchandise licenses for solicitors and peddlers was also discussed. Complaint has been made that merchants of Burlingame are sending their solicitors to San Mateo without first having paid the license fee provided in such cases.

The formal transfer of the liquor license for the Union hotel from Tina Fosen to Max Lehman was approved.

CRICKET CLUBS PLAY GAME.

San Mateo Defeated by a San Francisco Team by Close Score at El Cerrito Field.

The first match game of the recently organized San Mateo cricket club was played Sunday afternoon on the El Cerrito polo field, the opposing team being the San Francisco country cricket club.

Although the San Mateos lost the game by a score of 67 to 59, the new team made an excellent showing for their first regular game. A number of inexperienced players handicapped the locals, but the close score made with the strong San Francisco team indicates that the locals will soon be able to hold their own against all comers.

The strong playing of D. Bromfield, George Parsons and Captain Aldwell was a feature of the game for the San Mateo side.

Raymond and Smith did the heavy playing for the San Francisco team. The former made 38 runs and the latter 15.

A large crowd came out to witness the game and the cheering of the brilliant plays enlivened the scene about the polo field.

As anticipated the ball game Sunday last between the Redwood team and the local nine was a spirited contest from start to finish. and wasthe best game seen on the local diamond this season. The Menlo team won by a score of 6 to 4. James Maloney pitched a great game and Edward Weeden caught in his old time form. Lee Rivers, who played with the local team at the beginning of the season, reappeared on the diamond and played a professional game on sceond base. He is a whole team in himself. Justin Larrecou did splendid work at short stop, having no errors placed against him. Ike O'Neill was in splendid form and played the best game of his career on third base. Con Maloney played his usual good game on the first bag. George Casey gathered in all the flies that came his way in centerfield. The visitors put up a gstrong game but were weak at the bat. Goldsmith played a splendid center field. Bart Sheehan held down second base to perfection while Bill Curran was there with the big mit when a throw was made to first. Young Bob Fox pitched a fine game. Both teams will play on the Redwood diamond tomorrow afternoon and another god game is looked forward to.

John Murphy, a resident of this place for nearly two years, attempted to commit suicide last Friday afternoon. M urphy had been troubled with neuralgia of the stomach for some time and suffered much pain, and in a fit of despondency decided to end all. He went to his room in one of the cottages of the Menlo Park Hotel and took a dose of poison. He was son writhing in convlusions and in his agony slashed his wrist with a razor that lay on his bureau drawer and would have bled to death had not his cries brought assistance. Doctor Carl G. Wilson was sent for and relieved the man. He was afterwards taken to the Guild Hospital, Palo Alto where he is now steadily improving. He was not known to be drinking man and for some months had been employed by John MacBain. The Palo Alto papers as usual are trying to wrap the affair in great mystery, hinting that the man was kicked in the stomach while being thrown out of a saloon. This constant knocking will some day result in a strict boycott against the College town by the people of Menlo Park who spend hundreds of dollars monthly there. Take the hint and stop knocking.

CHAPTER 424. An act to provide for the issuance and sale of state bonds to create a fund for the construction by the board of state harbor commissioners of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco; to create a sinking fund for the payment of said bonds; and providing for the submission of this act to a vote of the people.

The people of the State of California, represented in senate and assembly, do enact as follows:

SECTION 1. For the purpose of providing a fund for the payment of the indebtedness hereby authorized to be incurred by the board of state harbor commissioners for the erection of wharves, piers, seawall, state railroad, spurs and appurtenances in the city and county of San Francisco, at a cost not to exceed two million dollars (which said wharves, piers, seawall, state railroad, spurs and appurtenances the board of state harbor commissioners are hereby empowered to construct in the manner authorized by law, and at a cost not to exceed said two million dollars), the state treasurer shall, immediately after the issuance of the proclamation of the governor provided for in section 10 hereof, prepare two thousand suitable bonds of the State of California, in the denomination of one thousand dollars each. The whole issue of said bonds shall not exceed the sum of two million dollars, and said bonds shall bear interest at the rate of four per centum per annum, from the time of the sale thereof, and both principal and interest shall be payable in gold coin of the present standard value, and they shall be payable at the office of the state treasurer, at the expiration of nineteen years from their date, subject, however, to redemption by lot as in this act hereinafter provided. Said bonds shall bear date the second day of January, A. D. nineteen hundred and nine, and shall be made payable on the second day of January, nineteen hundred and twenty-eight A. D. The interest accruing on such of said bonds as are sold, shall be due and payable at the office of the state treasurer on the second day of January, and on the second day of July, of each year after the sale of the same; **provided**, that the first payment of interest shall be made on the second day of January, A. D. nineteen hundred and ten, on so many of said bonds as may have been theretofore sold. At the expiration of nineteen years from the date of said bonds, all bonds sold shall cease to bear interest and likewise all bonds redeemed by lot shall cease to bear interest as in this act provided, and the said state treasurer shall call in, forthwith pay and cancel the same, out of the moneys in the second San Francisco seawall sinking fund provided for in this act, and he shall on the first Monday of January, nineteen hundred and twenty-eight, also cancel and destroy all bonds not theretofore sold. All bonds issued shall be signed by the governor and countersigned by the controller, and shall be endorsed by the state treasurer, and each shall have the seal of the state stamped thereon. Each bond shall contain a clause that it is subject to redemption by lot after the year nineteen hundred and eighteen.

SEC. 2. Interest coupons shall be attached to each of said bonds, so that such coupons may be removed without injury to or mutilation of the bond. Said coupons shall be consecutively numbered, and shall be signed by the state treasurer. But no interest on any of said bonds shall be paid for any time which may intervene between the date of any of said bonds and the issue and sale thereof to a purchaser.

SEC. 3. The sum of one thousand dollars is hereby appropriated to pay the expense that may be incurred by the state treasurer in having said bonds prepared. Said amount shall be paid out of the San Francisco harbor improvement fund on controller's warrants, duly drawn for that purpose.

SEC. 4. When the bonds authorized to be issued under this act shall be duly executed, they shall be by the state treasurer sold at public auction to the highest bidder for cash, in such parcels and numbers as said treasurer shall be directed by the governor of the state under seal thereof, after a resolution requesting such sale shall have been adopted by the board of state harbor commissioners; but said treasurer must reject any and all bids for said bonds, or for any of them, which shall be below the par value of said bonds so offered; and he may, by public announcement at the place and time fixed for the sale, continue such sale, as to the whole of the bonds offered, or any part thereof offered to such time and place as he may select. Due notice of the time and place of sale of all bonds must be given by said treasurer by publication in two newspapers published in the city and county of San Francisco, and also by publication in one newspaper published in the city of Oakland, and by publication in one newspaper published in the city of Los Angeles, and by publication in one newspaper published in the city of Sacramento, once a week during four weeks prior to such sale. The costs of such publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose. The proceeds of the sale of such bonds shall be forthwith paid over by said treasurer into the treasury, and must be by him kept in a separate fund to be known and designated as the "Second San Francisco Seawall Fund" and must be used exclusively for the construction of wharves, piers, seawall, state railroad, spurs and appurtenances thereto on the water front of the city and county of San Francisco. Drafts and warrants upon said fund shall be drawn upon and shall be paid out of said fund in the same manner as drafts and warrants are drawn upon and paid out of the San Francisco harbor improvement fund.

SEC. 5. For the payment of the principal and interest of said bonds a sinking fund, to be known and designated at the "Second San Francisco Seawall Sinking Fund" shall be, and the same is hereby created, as follows, to wit: The state treasurer shall, on the first day of each and every month after the sale of said bonds, take from the San Francisco harbor improvement fund such sum as, multiplied by the time the bonds then sold and outstanding have to run, will equal the principal of the bonds sold and outstanding at the time said treasurer shall so take said sum from said San Francisco harbor improvement fund, less the amount theretofore taken therefrom for said purpose; and he shall place the sum in the second San Francisco seawall sinking fund created by this act. Said state treasurer shall, on controller's warrants, duly drawn for that purpose, employ the moneys in said sinking fund in the purchase of bonds of the United States, or of the State of California, or of the several counties or municipalities of the State of California, which said bonds shall be kept in a proper receptacle, appropriately labeled; but he must keep always on hand a sufficient amount of money in said sinking fund with which to pay the interest on such of the state bonds herein provided to be issued as may have heretofore been sold. And to provide means for the payment of interest on the bonds that may be sold and outstanding, said treasurer shall monthly take from the San Francisco harbor improvement fund, and pay into said seawall sinking fund, an amount equal to the monthly interest then due on all bonds then sold, delivered and outstanding. The board of state harbor commissioners are hereby authorized and directed by the collection of dockage, tolls, rents, wharfage and cranage to collect a sum of money sufficient for the purposes of this act, over and above the amount limited by section two thousand five hundred and twenty-six of the Political Code of the State of California. Between the first and tenth day of November, in the year nineteen hundred and eighteen and between the first and tenth day of November of each year thereafter until the maturity of said bonds the said treasurer shall, in the presence of the governor, proceed to draw by lots such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund at that time, and shall thereupon and before the tenth day of December following, give notice by public advertisement to be inserted twice a week for two weeks in two newspapers published in the city and county of San Francisco, and also in one newspaper published in the city of Oakland, and also in one newspaper published in the city of Los Angeles, and also in one newspaper published in the city of Sacramento, stating the number of bonds so drawn and that the principal of said bonds will be paid on presentation to the treasurer on or before the second day of January, following, and that from and after such last named date, all interest upon bonds thus drawn shall cease, and it shall be the duty of the treasurer as soon as said bonds so drawn by lot are surrendered to him and paid to cancel the same, and the interest coupons thereon, and each year beginning with the year nineteen hundred and eighteen, the said treasurer shall, in the manner aforesaid, proceed to draw by lot such an amount of bonds as shall be requisite to exhaust as nearly as may be the amount in said sinking fund, if any there be, shall forthwith be paid into the San Francisco harbor improvement fund. At the time of the respective drawings by lot, as aforesaid, and also at the maturity of said state bonds, said treasurer shall sell the United States or other bonds then in said sinking fund, at governing market rates, after advertising the sale thereof in the manner hereinbefore provided for the sale of bonds hereby authorized to be issued, and shall use the proceeds for the payment of such bonds as may be drawn by lot, and at the maturity of said bonds outstanding shall pay and redeem said matured outstanding bonds out of said moneys in said fund in extinguishment of said bonds on controller's warrants duly drawn for that purpose.

SEC. 6. The state controller and the state treasurer shall keep full and particular account and record of all their proceedings under this act and they shall transmit to the governor an abstract of all such proceedings thereunder, with an annual report, to be by the governor laid before the legislature biennially; and all books and papers pertaining to the matter provided for in this act shall at all times be open to the inspection of any party interested, or the governor, or the attorney-general, or a committee of either branch of the legislature, or a joint committee of both, or any citizen of the state.

SEC. 7. It shall be the duty of the state treasurer to pay the interest of said bonds, when the same falls due, out of the sinking fund provided for in this act, on controller's warrants duly drawn for that purpose.

SEC. 8. This act, if adopted by the people shall take effect on the thirty-first day of December, A. D. nineteen hundred and eight, as to all its provisions except those relating to and necessary for its submission to the people, and for returning, canvassing, and proclaiming the votes, and as to said excepted provisions this act shall take effect immediately.

SEC. 9. This act shall be submitted to the people of the State of California for their ratification at the next general election, to be holden in the month of November, A. D. nineteen hundred and eight, and all ballots at said election shall have printed thereon and at the end thereof, the words, "For the San Francisco Seawall Act," and in a separate lines under the same words, "Against the San Francisco Seawall Act," and opposite said lines there shall be left spaces in which the voters may make or stamp a cross to indicate whether they vote for or against the said act, and those voting for said act shall do so by placing a cross opposite the words "For the San Francisco Seawall Act," and all those voting against the said act shall do so by placing a cross opposite the words "Against the San Francisco Seawall Act." The governor of this state shall include the submission of this act to the people, as aforesaid, in his proclamation calling for said general election.

SEC. 10. The votes cast for or against this act shall be counted, returned and canvassed and declared in the same manner and subject to the same rules as votes cast for state officers; and if it appear that said act shall have received a majority of all the votes cast for and against it at said election as aforesaid, then the same shall have effect as hereinbefore provided, and shall be irrepealable until the principal and interest of the liabilities herein created shall be paid and discharged, and the governor shall make proclamation thereof; but if a majority of the votes cast as aforesaid are against this act then the same shall be and become void.

SEC. 11. It shall be the duty of the secretary of state to have this act published in at least one newspaper in each county, or city and county, if ouch be published therein, throughout this state, for three months next preceding the general election to be holden in the month of November, A. D. nineteen hundred and eight, the costs of publication shall be paid out of the San Francisco harbor improvement fund, on controller's warrants duly drawn for that purpose.
